ANNEXURE B

We require all candidates who are registering a new firm, re-registering a previously registered firm where the below documents were not submitted on the previous registration of the firm, or converting existing firms from non-assurance to assurance, to first set up their audit quality structures before we register their firms or process the change of status from non-assurance to assurance.

We require this because we believe it is in the public interest for the IRBA as a regulator to ensure that all firms have their Quality Management structures in place. This also ensures that your firm is running in accordance with ISQM. (ISQM is effective from 15 December 2022).

We generally find that the process of setting up these structures is one that is very beneficial to you and those you will be working with as it focusses on the overall structures in terms of quality.

The following documents must be submitted with this application relating to the practice you intend to register:

1. Business plan (practice plan);
2. Quality (ISQM) manual – the quality manual must be drafted in accordance with ISQC1; and
3. Name and IRBA number of the RA identified as your firm’s Quality Reviewer together with agreements entered into with the Quality Reviewer; and

1. BUSINESS PLAN

The business plan must contain more than an introduction. It must contain items such as:

- the structure of the firm;
- services offered by the firm;
- resources (HR, IT etc. including what software the firm will be using);
- financial projections including revenue streams (such as will your clients be private or public sector clients, how will clients be sourced);
- organogram of firm;
- risk identification and mitigation strategy; and
- firm’s transformation strategy and objectives.

2. QUALITY MANUAL:

Your manual must contain all the established procedures and policies covering all aspects of ISQM.

Please ensure that you also submit to us all your templates and checklists as identified in your manual.

Please note that we do not provide templates or examples of the quality manual as we see this as a developmental process you will go through as you familiarise yourself with the requirements of ISQM.

Leaving the process open is very important as different practitioners will have different manuals applicable to their own circumstances.

3. AGREEMENT WITH REVIEWER:

We are generally led by you regarding the structure of the agreement with your reviewer. However, the agreement must cover, amongst others, the following aspects:

- Scope of the review
 - Indicating your expectation from the reviewer on entering into such an agreement
 - Including aspects to be considered or focused on; how you will determine engagements to be reviewed (please ensure that the agreement specifically states that the first three engagements will require a review); and indicating the stages of an audit that would require a review
- Reporting requirement
 - Indicating the report and format thereof to be issued by the reviewer at the end of their review.
- Duration of the review
 - Estimate of the length of the review to be carried out by the reviewer.
- Commencement date
 - Commencement date of the agreement.
- Fees
 - The fees that would be payable to the reviewer for each of the reviews.
- Terms and conditions
 - These would be general terms and conditions of the formal arrangement you are entering into. Such terms would include the responsibilities of the firm.
