We have performed the procedures agreed with the directors of the Company and the Prudential Authority (the "PA") and enumerated in Appendix A with respect to the return prepared and submitted to the PA dealing with matters related to securitisation vehicles in compliance with the directive, issued in terms of Section 6(6) of the Act, of the "Company") for *[insert year-end date of securitisation vehicle]*.

Our procedures and findings that form part of this report are set out in the attached Appendix A. Our findings in relation to our procedures exclude explanations by management. We are not required to and have not performed any additional procedures to corroborate explanations by management.

Our engagement was undertaken in accordance with the International Standard on Related Services ("ISRS") 4400, *Engagements to Perform Agreed-upon Procedures Regarding Financial Information*. Our procedures were performed solely to assist the PA in evaluating any instances of non-compliance by the Company with the requirements of the directive. The responsibility for determining the adequacy or otherwise of the procedures agreed to be performed is that of the directors of the Company and the PA. Our responsibility is to report our findings, based on the agreed-upon procedures performed.

Because the procedures in Attachment A do not constitute either an audit, review or other assurance engagement made in accordance with International Standards on Auditing, International Standards on Review Engagements or International Standards on Assurance Engagements, we do not express any assurance on the return or any other documents referenced in our procedures for *[insert year-end date of securitisation vehicle]* and any period then ended.

Had we performed additional procedures or had we performed an audit or review of, or other assurance engagement on the return in accordance with International Standards on Auditing,

International Standards on Review Engagements or International Standards on Assurance Engagements, other matters might have come to our attention that would have been reported to you.

Restriction on use and distribution

Our report is provided solely for the purpose set out in the first paragraph of this report and is restricted to those parties that have agreed to the procedures being performed. This report relates only to the matters specified in our report of factual findings, and does not extend to any financial statements of the Company, nor any other documents referenced in our procedures, taken as a whole. As a result, our report is not suitable for another purpose and the return may also not be suitable for another purpose. Our report should not be distributed to or used by any other parties other than the PA and the directors of the Company.

Yours faithfully¹,
