

## **Invitation: Webinar - Registration, Licensing and Accreditation (RLA)**

Dear Customs client

Registration, Licensing and Accreditation (RLA), an electronic platform where registration and licensing applications are managed, was implemented in April 2020. There have been several enhancements to the platform since its implementation with the most recent enhancement implemented on 10 September 2021. This most recent enhancement will allow certain client types who have to renew their licenses at regular intervals to do so via RLA on eFiling for the first time. Current Customs clients will eventually be allowed to re-register on the RLA system, starting soon with clearing agents and rolling out to remaining clients in a phased approach.

As an important stakeholder you are invited to join us as we share more information about RLA, and you may also extend this invitation to other interested parties.
