A major emphasis on increasing both the number of candidates registering on the Audit Development Programme (ADP) and those successfully completing it is what Education and Transformation continues to strive towards. It is also critical to keep on improving the quality of the ADP, with more focus on the transformation of the candidates that are registering on the programme.

### STRATEGIC FOCUS AREA 3: INSPECTIONS

#### Activities

This upcoming year, the key focus areas will include the following:

- A business process review, i.e. an as-is and needs analysis on technology, information technology (IT) workflow and data collection/analysis, to enhance effective operations that respond to the public expectation. This will include an optimal allocation of the Inspections Department capacity as well as focusing on the enhanced risk-based scope/coverage and reach in the 8<sup>th</sup> Inspections Cycle.
- Enhanced stakeholder awareness and targeted socialising of inspection outcomes and reports, e.g. concurrent publication and awareness of enhanced Audit Quality Indicators (AQI) and Public Inspections reports; sharing of reports; and liaising with the Audit Committee Forum to assist in its oversight over external auditors.
- Effective/productive hybrid (On-site and remote) inspections/remedial action including stakeholder interaction using virtual platforms.
- Effective succession planning within inspections, whereby inspectors are appointed to senior roles, as/when appropriate (with no impact on the approved budget or headcount).
- Design and implement International Standards on Quality Management (ISQMs) 1 and 2 firm inspection procedures.

## STRATEGIC FOCUS AREA 4: INVESTIGATIONS

### Activities

The expectation in the upcoming year is that investigations into certain high-profile/public interest entity matters will be completed, and that will be in line with the Board’s strategic objectives.

Pursuant to the IRBA’s five-year strategic plan, the Investigations Department will continue to participate in relevant international initiatives. This will entail networking with structures from other audit regulators, to continuously develop and implement new mechanisms of investigating and adjudicating alleged auditor improper conduct in tandem with global initiatives.

## STRATEGIC FOCUS AREA 5: DISCIPLINARY

### Activities

#### Finalisation of Disciplinary Matters

The completion and the outcomes of a number of disciplinary matters are positive indications of our efforts to restore confidence in the auditing profession. These are also evidence of our commitment to take appropriate action against registered auditors for improper conduct. We are confident that the outcomes will serve as a deterrent to RAs from neglecting their duties to protect the financial interests of investors and the public at large and ultimately improve audit quality, while restoring confidence in both the profession and the regulator.

The implementation of the disciplinary strategy is a focus area for the current financial year.

The IRBA has successfully benchmarked its disciplinary processes against those of local and international regulators in a bid to ensure that its processes are aligned to best industry practices. To this end, a holistic review of current processes was undertaken, and a disciplinary processes strategy and implementation plan developed to aid the redesign of current processes.

With a focus on the implementation of the disciplinary strategy for this financial year, we will deliver on a number of projects that are aimed at ensuring the efficiency and effectiveness of disciplinary processes.

## STRATEGIC FOCUS AREA 6: OPERATIONAL EFFECTIVENESS

### Activities

Compliance, accountability and proper management of revenue, expenditure, assets and liabilities are some of the important measures that the IRBA uses to assess its operational effectiveness. The measurable indicator of how well these measures are functioning is a clean auditor's report.

Over the past few years, we have had to look at finding alternative ways to supplement the funding we receive from our government grant, prescribed fees and levies from RAs and firms, as well as funds that may accrue to us from any other legal source.
