Dear Sir

SAICA SUBMISSION ON THE REVISED GUIDE FOR REGISTERED AUDITORS: ASSURANCE ENGAGEMENTS ON THE ANNUAL FINANCIAL STATEMENTS AND ANNUAL STATUTORY RETURNS OF A MEDICAL SCHEME

As the SAICA secretariat was extensively involved in the drafting of the proposed revised guide through participation in the Task Group meetings, no separate SAICA project group session was held to collate comments. Members of the SAICA Assurance Guidance Committee (AGC) were requested to evaluate the proposed revised guide and indicate if they had any comments that they would like us to communicate to the IRBA. None of the AGC members had comments to add to the proposed revised guide.

We thank you for the opportunity to provide comments on this proposed revised guide.

Yours sincerely
