

South African Revenue Service

Dear Stakeholder,

Tax Compliance Status Notifications

SARS notes and acknowledge the Tax Compliance Status notification forwarded to taxpayers even in the event where the taxpayer affairs are in order. We are aware of the technical glitch and are working on a solution.

You are kindly requested to communicate below steps to your members in the event of receiving a notification:

Upon receiving a notification, Practitioners/taxpayers are advised to act on the TCS notification by logging on to e-Filing and confirm the individual tax status.

- ◇ Should the affairs of all the taxes be in order and reflecting as compliant, the practitioner/taxpayers may ignore the status notification. The TCS status will reflect as compliant to SARS and third party members.
- ◇ Should one or all individual tax affairs not in order and reflecting as non-compliant, the practitioner/taxpayer must take the necessary steps and measures to ensure compliance with tax obligations.

We apologise for the inconvenience, thank you for your continuous support.

Sincerely

THE SOUTH AFRICAN REVENUE SERVICE
