Johannesburg /23 April 2025

As we conclude this final quarter of the financial year, we also celebrate the completion of our Strategic Plan for 2021-2025. On reflection, these past five years have been a transformative era that has significantly influenced our organisation and the profession. The strategic roadmap during this period has been crucial in restoring trust in the regulator, stabilising governance structures and reinforcing the profession's integrity through key interventions and stakeholder engagements.

Reflecting on our progress, I deeply appreciate the collective efforts that have redefined our role, strengthened our relationships and bolstered our social compact with stakeholders, especially the public we serve. The strides we have made in rebuilding confidence, enhancing oversight and fostering transparency will be a strong foundation for continued progress in the years to come.

During this final quarter, we also mark the approval of the new Strategic Plan for 2026-2030. We deeply value the insights and contributions from our stakeholders in shaping this new strategy. The input has been crucial in ensuring that our approach is responsive, effective and

aligned with the evolving needs of both the profession and the public.

As we work towards our objectives over the next five years, we look forward to this period with optimism and dedication, remaining steadfast in our commitment to collaborate with our stakeholders and fulfil our mandate.
