### Issue 64 of IRBA News is Now Available

Johannesburg / 13 December 2023

We are pleased to inform you that the latest issue of IRBA News is now accessible on our website and social media platforms.

As the year draws to a close, we have a few milestones to celebrate as a profession. In this edition, we highlight the importance of the hard work done by all stakeholders over these few years to restore trust in the profession. Our recently published 2023 Survey Report: Audit Quality Indicators reflects on a year that has shown some progress in the auditing profession. It indicates that in relation to the relevant quality indicators, firms have stayed on course in their commitment to transparency and continuous improvement.

I want to thank our staff and stakeholders for their invaluable collaboration on the various projects that the IRBA has implemented this year. It is only through working together that we can continue to thrive as a profession.

I wish you all happy holidays and look forward to continuing with our joint efforts to build the profession in the new year.

The IRBA offices will be closed from 14 December 2023 and re-open on 2 January 2024.

The newsletter can be downloaded from the IRBA [website](#).
